SUMMARY

A dedicated third-year B.Tech student in Computer Science and Engineering at Lovely Professional University, specializing in data analysis and its practical applications. Committed to continuous learning and professional growth in the field of data analysis, I actively seek out opportunities to undertake demanding projects that expand my skill set.

PROJECTS

Library Management System

Board Infinity's LPU Summer Training Program *Jun 2024 - Jul 2024*

Developed a comprehensive Library Management System using C++ as part of a summer training program.

- Implemented core functionalities like adding, deleting, searching, issuing, and returning books using data structures like linked lists and stacks.
- Gained hands-on experience in designing efficient algorithms for managing library operations.

Sales Data Dashboard

Excel Project *Jan 2024 - Jan 2024*

Created a comprehensive sales data dashboard in Excel to visualize key business metrics. Utilized pivot tables, charts, and conditional formatting to present data trends and insights. The dashboard enabled quick and effective decision-making by providing a clear overview of sales performance.

Database Management Essentials: Library System with SQL

Analysis *Nov 2023 - Nov 2023*

Developed a simple Library Management System using SQL, featuring tables for Books, Authors, and Members. Gained hands-on experience in writing basic queries to manage and retrieve data, laying a strong foundation in database management. The project code and documentation are available on my GitHub.

EDUCATION

Bachelor of Technology - BTech

Lovely Professional University *Aug 2022 - Present*

CGPA : 8.22

Higher secondary

Lucent international school, Dehradun, India. *Jul 2021 - May 2022*

Percentage : 86.67

Secondary (X)
Sklgd public school Kagarol, Agra *Apr 2019 - May 2020*
Percentage: 81

CERTIFICATION

Getting Started with Python
LinkedIn *2023-02-02*

Data Structures and Algorithms
Board Infinity *2024-07-07*

Excel Skills for Data Analytics and Visualization
Coursera *2024-04-04*

Programming in C++: A Hands-on Introduction
Coursera *2023-11-15*
